Minden Kinsmen Playground Near Completion At Minden

The Minden Kinsmen Club is constructing a park and playground area on the Minden Centre Grounds facing on Prince Street.

The Club has filled the property and at present the members are laying sod over the whole area. The area will be fenced and will be completely equipped with playground equipment.

Roy Windover and his committee have been working the past few weeks with volunteer help and hope to have the playground completed within the next week or ten days.

This new development will beautify this section of the community and will benefit the children of the community in contributing to healthful recreation.

Three Kinmount Youths Remanded

Three Kinmount youths, Kenneth Couvier, Lawrence Anderson and Ralph Allen were remanded until June 1 for arraignment on charges of theft under \$50.

C of C To Hold Annual Meeting

On Wednesday evening, May 26th, a very important meeting will be held in the Haliburton Highlands Secondary School. We refer to the annual meeting of the Haliburton Highlands Chamber of Commerce Incorporated.

The great majority of people we talk to feel that we are in for a bumper year as far as the tourist trade is concerned. This may be so, but we should not rest on our oars, that is if we wish this type of business to grow which it must do if the County of Haliburton is to keep step with other developing areas.

From our point of view your Chamber of Commerce is serving you well, but if you have any suggestions as to how the work of this organization can in any way be improved, this is the opportunity to speak up.

The guest speaker of the evening will be speaking on Conservation, which we are sure is a matter of vital interest to

everyone interested in the future of this great summer playground.

Business Change In Gooderham

The Texaco Service Station owned by Carl Sisson, has changed hands through the office of Bowes and Cocks, Lindsay.

The new owners are Fred Kurulak and Frank Del Govbo, formerly of Oshawa and will be opening a snack bar in conjunction with the present service station.

Fred Kurulak is a licensed Class A Mechanic and will be able to repair, maintain and completely able to attend to all mechanical repairs of vehicles for area residents. Mr. Kurulak will be living in the former Sisson's home with his wife and three children.

Tuberculosis And Health Association Annual Meeting

The Annual Meeting of the Haliburton County Tuberculosis and Health Association was held on May 3rd in the United Church Hall at Haliburton.

WHAT MINDEN COUNCIL DID

The regular meeting of the Anson, Hindon and Minden Council was held in the Council Chambers on Wednesday, May 12 with all members present.

Bill Scott, reeve of Snowdon Township, was present and discussed a proposed fire agreement, whereby the Minden Fire Department will provide fire protection to a portion of Snowdon Township. The Minden Fire Department is now providing protection in the western part of the township while a permanent agreement is being drawn up.

A by-law was passed establishing the Minden Library as a County Branch Library under the supervision of County Librarian Noel McNeill. The council has asked the following to become members of a municipal library board: Mrs. Irene Moore, Mrs. Jean Sears, Clarence McInerney and Bob Gorrie.

The tender of Roblin Farm Supply Ltd. for a front end mower was accepted at \$595.00, this being the only tender received.

Percy Brintnell was asked to fill a vacancy on the Board of Management of the Recreation Centre.

Deputy Reeve Mark Vasey and Councillor Roy Windover were appointed as a committee to construct sidewalks in the amount of \$1,000.00.

Accounts were paid amounting to \$1,771.07.

Road accounts were paid amounting to \$9,613.00.

Fails To Report Damage Fine Gooderham Man

MINDEN (ENS) — Barry Blake McDuff of Gooderham, whose car police said spun around twice on Highway 121, April 17, snapping off five guide rail posts, was fined \$30 Tuesday in Magistrate's Court.

McDuff was charged the following day with failing to report damage to department of highways property and with not having two braking systems on his car.

Evidence showed that the master cylinder in McDuff's car had been leaking for some time. Several cans of brake fluid were found in the back seat of the abandoned vehicle after the accident.

Magistrate Ian Munro did not accept the man's statement that he wasn't able to contact police immediately. He found that the accused did not report until the

following morning because "he was too intoxicated".
(Peterborough Examiner)

Presentation Made

On the Barrie TV Bingo last Friday afternoon, Mr. Joe Dollo of Dollo's I.G.A., was privileged to present Mrs. Les Northey of Minden with a cheque for \$1,000. This was done during the regular programme and Dave Crompton was on hand as usual to assist.

Incidentally, both Joe and Audrey looked very natural and pleasant under the TV lights.

Dollo's report there have been a goodly number of minor prize winners but they were very pleased that the winner of the Grand Prize was from our village.

Riverbank Project Completed

The Minden Rotary Club has completed a project of developing a park area on the Minden river bank next to the dock.

A timber wall was constructed on the river bank and filled. The area has been sodded and benches and picnic tables will be added.

Bob Gorrie is chairman of this project with Lawrence Pritchard and Percy Brintnell as

members. The work was done by the John A. C. Kernohan Construction Company.

Correction—

In an ad on Page Three we have the Bingo advertised for every Wednesday night at the Harcourt Community Hall. It should read every Tuesday night.

LETTERS to the EDITOR

West Guilford, Ont.,
May 17, 1965.

Mr. Berkeley Feir, Editor,
Haliburton County Echo,
Haliburton, Ontario.

Dear Sir:

As there had been considerable publicity in your paper during the fall and winter months concerning the construction of the Kennaway Inn this spring, I have wondered why there has been no news coverage to this effect.

The publishing of a liquor application under their name was conspicuous by its absence during the recent granting of licenses particularly when it was their supposed desire for one which brought on the plebiscite last fall. Perhaps you can provide us with the information as to why this great boon to the economy of Dysart Et Al has failed to live up to its promises.

Sincerely,
STUART C. WILSON.

To Loan Books To Haliburton

The Victoria County Library Co-operative has started supplying books to a similar organization in the provisional county of Haliburton.

The Haliburton book service was organized in January. Books from the Victoria body are supplied to units in Minden and Haliburton as well as Haliburton Highlands Secondary School. It is expected new libraries will be started this year at Dorset and Wilberforce.

The book-lending service to Haliburton was reviewed Wednesday last at the meeting of the Victoria Board. Some discussion was given to the future of the co-operative system, and the possibility of the formation of a county library.

Hi Great Grandad!

Young son of Mr. and Mrs. Kenneth Noble, Essonville, admires his great grandfather. Great Grampa is asking Timmy if he thinks he will live to be a

hundred, and we think Timmy's answer would be "I would like to, if I could live it as well as you have done".

John James Noble enjoyed his great grandchildren, his grandchildren, his children and many friends on the occasion of his hundredth birthday April 10th, the day this picture was taken. Mr. Noble is a fine old gentleman, and makes his home with his eldest son, Hartman and his wife of Bobcaygeon.

MAY HE GET SEASICK!

Among adults, though few would admit it, there is a great deal of jealousy of today's teenagers.

This is revealed by the adults' oft-expressed wish that kids in their teens could act like them; by their reaction to any hint of change in the rules for their children; and especially by their endless prating about how soft a time the youngsters have now, and how hard it was in their day.

To hear most adults talk, you'd think they'd never had any fun at all, when they were kids, or ever done anything foolish. There's a steady stream of poppycock about how far they walked to school through the snow; how scanty were their wardrobes; how early they had to be in at night; how hard their parents worked them; how good their marks were in school.

There's a modicum of truth in all of this, of course, because life was a lot more simple and frugal a quarter-century ago. But with the passing of time the morsel of truth becomes a bit of malarkey. Personally, I think we had a lot less to cope with, socially and psychologically, if not physically, than today's teenagers.

But this attitude received a jolt this week, when my son announced that he had nailed down a summer job. It was difficult to keep my upper lip both stiff and buttoned, when I compared his first real job with mine.

There are parallels. Both of us got the job at age 17, and both jobs were on the upper Great Lakes boats. There the parallel ends.

For instance, I hitch-hiked 480 miles, with \$2.50 cash, to meet my boat. He will be driven three miles, by his father, to catch his.

And the hours aren't quite the same. I worked the graveyard shift, midnight to noon, seven days a week. He'll work a couple of hours morning and afternoon, about three hours in

the evening, and have a day and a half off each week.

That's all right. I don't bear a grudge. Nobody should have to work like a dog. But there's a slight difference in the pay. I pulled down \$30 a month, even on the 31-day months. A dollar a day and keep. My son will be knocking off just over nine times as much.

However, that's OK. Wages have gone up a lot. Why should he work for peanuts? I must admit, though, that I was a little disturbed by the difference in our duties.

I scrubbed floors, cleaned out lavatories, polished brass and sorted dirty linen. In spare moments I helped sling out the gangplank, or made the officers' beds. My kid will organize shuttleboard games, play the piano for sing songs and run a movie projector. In spare moments, he will chat to nice old ladies.

That's fine. No hard feelings. We can't all be aristocrats in our first job. But what about this? I wore a scruffy old smock, covered with brass polish. He'll wear a snappy blue uniform, covered with brass buttons.

And what about this? My official title was Night Porter. His is Entertainment Steward. I ate with the deckhands and firemen. He'll eat in the diningroom. I slept with seven other scullions in a stall large enough for one Shetland pony. He'll share a cabin with one other softy of the Sixties.

I was forbidden, on pain of keelhauling and 16 years in the hulks, to have anything to do with the passengers, except mop up after them. The kid, in the captain's own words, "Will have the girls following you all over the boat."

Oh, well. No use being bitter. The good old days of the Depression, when you knew you were a slave, but were happy to be a working slave, are gone forever.

However, I can't help hoping the kid will get good and seasick all over that uniform, the first time he hits a roll in Lake Superior. At least, we'd have that much in common in our first summer jobs.

This I Remember

LADIES' HOCKEY CLUB

As soon as Charlie's rink was functioning well and hockey matches became popular, some of the girls and young women decided that they would like to play hockey too. (By this time

the writer was away at school and the following tale was told by my sister and is not an eye witness account).

From what I have been told, the club consisted of two teams, "The Girls" and "The Married Ladies". In those days there were seven members to a team — goalie, point, cover-point, right wing, left wing, rover and centre. Who played each position or even which team some of them were on was not revealed to me. But the girls and women who played on these famous teams were: Mrs. Ann Iles, Daisy Jean (Mrs. Burford), Ollie Irish, Mrs. Bob Johnston, Mrs. McEvoy (Agnes Reid), Mrs. Alfred Sewell (Pearl Kellett), Gladys Lucas (Mrs. Palen), Madeline Lucas (Mrs. Elwood Austin), Dorothy Clarke (goalie for the girls, who says she felt very long and thin anywhere else in the hurley-burley), Phyllis Clarke (Mrs. Tom McGrath), Audrey Austin (Mrs. Frank McIntyre), Clara Hunter (Mrs. Chas. Brohm), Irene Coneybeare and Della Easson.

The winter of 1915 or 1916 an exhibition game was advertised.

Came the night of the game and a good crowd gathered to support the Red Cross and see the fun. The Haliburton team arrived and retired to their dressing room.

More Bancroft Uranium Sought

A small-scale diamond drilling operation for uranium will begin this summer on the Bancroft property of Canadian Faraday Corp. Ltd., president A. W. Johnston said recently.

He said one machine will work on sections of the property previously only partly explored. The drilling will begin in June.

"We have been thinking of this for some time," Mr. Johnston stated. "Certain sections have never been too well explored and we will start in a modest way."

He said he hoped the drilling would uncover an ore body east of the existing mine workings which ceased operation last June.

Reports of a long-term contract with France for the sale of 50,000 tons of Canadian uranium spurred hopes recently that the mine might move reopening of the industry few years closer.

Mr. Johnston said it probably would be 1970 before uranium prices recover sufficiently to allow for resumption of mine production.

The drilling operation will give us a better idea of just what we have," he said.

Test drive Meteor— finest car in the popular-priced class!

Most dramatic performance
Most spacious comfort in the most beautiful car.

Meteor is unquestionably the finest! You experience all that is best in Meteor's exciting performance, luxurious comfort and magnificent styling. Test drive the most beautiful car in the popular priced class — Meteor.

Meteor performs with unexcelled spirit! You have the choice of the zesty 352 and 390 V-8's or the hot new 240 cubic inch "Avenger" Six at your command. Team your Meteor engine with the 3-speed *dual range* automatic or, if you prefer, there are 3- and 4-speed manuals, both fully synchromesh in all forward gears.

Meteor has the smoothest ride and handling! The reasons: a road-smoothing 123 inch wheelbase, improved all-coil suspension and Meteor gives you the all new "torque-box" frame that flexes to absorb road shock.

Meteor adds more space, more luxury to comfort! When you step inside Meteor, you're surrounded by spaciousness. Curved side windows add more room. You see elegance everywhere; in rich carpeting, plush padding,

broad armrests front and back, deep foam cushioning and luxurious fabrics and appointments. Meteor gives you the added touches of convenience — a double-edged key that works on either side; a suspended accelerator pedal that doesn't catch heels and many more.

Meteor has the year's most admired styling! You'll take pride in driving the beautiful Meteor. It has the look of action with the forward thrust of its fenders, the symmetry of its grille and the sculptured lines that sweep back to the slim, tapered tail-lights.

New 240 cubic inch "Avenger" Six! 150 horsepower and 234 pounds feet of torque give you a new height in performance. It's a smoother-running, quieter "6" with greater economy. Saves like a "6" — goes like a V-8. You settle for nothing less than excellence in a Meteor. Take a Meteor test drive at your Mercury dealer's, and you'll be on the road to owning the finest car in the popular-priced field.

We Have A Lot You'll Be Thankful For

We give you less for your money.

When you buy a new Johnson 9 1/2 you get less. Less weight, less height, less bulk, less trouble, less appetite for fuel. As fishing motors go it's very small. Just 34 inches high. They call it the compact's compact. The 9 1/2 is nothing to carry because the balance is perfect like a good gun. And easy to store because both sides are free of the usual levers and protrusions that get in the way. Instead all the controls are up front to make less work of driving.

What's more the 9 1/2 is a stingy outboard. It trolls all day on a tank of regular gas. And with 50:1 gas-oil mix, oil costs are cut in half. Another thing the 9 1/2 gives you less of is noise and trouble. Like all Johnson's you can take its quietness and dependability for granted. Johnson even puts it in writing with an extra long two year warranty.

As you can see, the 9 1/2 offers less of just about everything. Especially the things you don't need. The only thing it offers more of than anyone else is value.

See the amazing Seahorse 9 1/2 for yourself. It's at your Johnson Dealer's now.

15 models in ten hp. sizes: 90, 75, 60, 40, 33, 18, 9 1/2, 6, 5, 3.

OBITUARY

LILA SUSAN WILSON

Passed away at Cobourg Hos-
pital on May 2, 1965. Beloved
wife of Reub Wilson of Col-
borne, Ontario, dear mother of
Ruth (Mrs. Murray McGuire) of
Haliburton, grandmother of Mar-
ilyn, and great grandmother of
Lindsey Jane Anderson of Eng-
land.

Lila was born in the township
of Bexley, July 28, 1902. She
lived for many years on the farm
of her late parents, David and
Margaret Wright. In February
1921 she became the bride of
Reub Wilson of Kirkfield, settling
at the Kirkfield Crushed Stone
Company, where they lived for
several years. They were blest
with one daughter, and also two
sons who died at birth. Later
they moved to Orillia and thence
to Colborne where she resided
until her death on May 2, 1965.

In all these years Lila had
made a great many friends, and
although a great sufferer of
asthma, one would never hear
her complain. She was always
cheerful and happy, especially
when engaged in her various
church activities. She was a
staunch member of St. Thomas'
Anglican Church, Victoria Road,
the Women's Auxiliary, as well
as a faithful member in Col-
borne.

A fitting tribute to her fine
character and happy disposition,
and the esteem in which she
was held was indicated by the
large number of friends and
floral pieces at the service where
Lila was laid to rest in the love-
ly little cemetery in the church
yard at Kirkfield. The Rev. J. B.
Harrison officiated, and the
pallbearers were Percy Lytle,
Walter Lytle, Vern Grant, Wel-
don Neal, Arnold Crarey and
Bill Bell.

Mrs. Wilson leaves to mourn
besides her husband and daugh-
ter, three sisters, Mrs. Elizabeth
Cameron of Kirkland Lake, Mrs.
Eva McCormack of Kirkfield,
and Mrs. Arthur Welch of Hall's
Lake; also one brother, Mr.
Charles Wright of Quesnell, B.C.
One sister, Mrs. Tom Burton,
and two brothers, Albert and
Jack of Alberta predeceased her.

"Not now, but in the coming
years,
It may be in the better land,
We'll read the meaning of our
tears,
And there, sometime, we'll under-
stand".

EAGLE LAKE

Mr. and Mrs. Ross Hainer and
boys of Toronto are spending
the week with her parents.

The Eagle Lake Women's As-
sociation held their April meet-
ing at the home of Mrs. V.
Skitch at Haliburton Lake.

Miss Bridgit Hanke was one

dents who spent Thursday and
Friday in Ottawa.

Mr. and Mrs. L. Roberts spent
the week-end in Toronto.

The "Pot Luck" dinner held
in the basement of the Com-
munity Church was well at-
tended and much enjoyed. A

Lloyd Madill. Solos were ren-
dered by Miss Margaret Fawns

CHURCH NEWS

BAPTIST W.M.S.

The Ruth Dryden Mission Circle of Lakeside Baptist Church met on Tuesday afternoon at the home of Mrs. Laura Bird.

After a hymn, the President, Stella Walker, read the Scripture from Genesis, chapter 1, and then led in prayer.

As the roll was called, each member selected a slip of paper on which was the name of something needed in the kitchen of the Church. These items are to be presented at a "Kitchen Shower" at the June meeting.

It was decided that the June 8th meeting take the form of a Pot Luck Supper with invitation extended to Eagle Lake and West Guilford.

Tuesday, May 18th was chosen as "Clean-Up Day" for the Church.

A special offering was taken for our Bolivian Missionary, Ruth Dryden.

Following a prayer session, the Mission Study on Africa was directed by Eva Howe. Mission Highlights were given by Betty Salvatori.

Instead of the Devotional, the ladies who had attended the Spring Rally of the Trent Valley Association at Port Hope last Wednesday discussed the events of their day there.

Lunch was served by the hostesses after the meeting had been adjourned.

CARNARVON CHURCH HOLDS JOINT SERVICE

We do not think we should let the opportunity go by without reporting in the Church Notes the joint Sunday School and Church service that was held on Mother's Day in which a number of the women of the church participated, and which was attended by a large congregation.

The service was conducted by Mrs. A. Bursey with Mrs. N. Wallace and Mrs. Bert Harrison reading the scriptures and Mrs.

S. Archer taking the responsive reading. Mrs. Harold Ralph offered the prayer and Mrs. R. S. Thomson gave the address.

At the beginning of the service six little girls and two boys walked up the aisle, each carrying a potted geranium which were placed across the front of the church by the two ushers, Mrs. E. Stutt and Mrs. J. Gregory. Later these were given to the shut-ins.

Mrs. A. Wills and Mrs. J. Barnhart were responsible for taking up the offering.

With Mrs. R. Gorrie at the organ and Mrs. O. Harrison leading the choir, two anthems were sung, one by the mothers and one by the regular choir.

Rev. Staples told the children's story and closed with prayer.

WILBERFORCE U.C.W.

The regular monthly meeting of the Wilberforce U.C.W. was held in the home of Mrs. E. Smith on May 11th, with the president, Mrs. Outram, in the chair.

The meeting opened with the Scripture reading by Mrs. Smith. An inspirational poem, "My Mother's Bible", was read by Mrs. Outram, who also read a charming little verse she had written as a tribute to her father.

The minutes and correspondence were then read by Mrs. Smith, followed by the treasurer's report read by Mrs. Saunders. The Study Book, God And His Purpose was next presented by Mr. McAllister.

The June meeting, to be held in the home of Mrs. Arthur Mather, will take the form of a social evening.

One of the typically beautiful quilts, made by the ladies, was displayed, and plans were made to quilt another one. Mrs. E. Sanderson again kindly offered the use of her home for this.

The meeting closed with the Mizpah benediction and delicious refreshments were served by the hostess, and a social hour enjoyed.

Home Ready For Tourists

LINDSAY (ENS) — The Col. Shields home on Lindsay St. S. is getting a spring cleaning in preparation for the tourist season.

The home, one of the oldest in town, was purchased by Mr. and Mrs. Ed Harding last year. The Hardings deal in quality antiques.

Among the early visitors to the home were members of the Beta Sigma Phi Sorority. Mr. Harding expects the "antique season" to begin May 24 weekend.

The Hardings have spent the winter sorting and displaying their treasures for antique lovers.

The private living quarters of the Harding family is decorated in accord with the antique motif. The private sitting room has a large brick fireplace, over which hangs an original Canadian painting by Leonard Brooks.

The winding staircase is the work of the original builders of the home. The second floor has six large rooms.

Upstairs walls are lined with family documents and pictures, some dating as far back as 1640.

A more recent addition is a picture dated 1812, signed by all members of the wedding party of Mr. Harding's great grandfather.

A large map of Ontario shows the province as it was 100 years ago.

The library includes many fine books on the early history of Ireland, Mrs. Harding's homeland. Books of fashion date from the early 1700's.

Township of Anson, Hindon & Minden

1964 AUDITOR'S REPORT

The Council and Ratepayers,
Township of Anson, Hindon and Minden,
Minden, Ontario.

Gentlemen:

We have completed our audit of the accounts of the Township of Anson, Hindon and Minden, the Minden Township School Area and the Minden Waterworks Board for the year ended December 31, 1964 and have prepared the statements as listed in the index.

The Capital and Loan Fund Balance Sheet, Statement A, shows general fixed assets of \$216,011.01, details of which are reported in Schedule 18. The accounts receivable of \$24,088.00 represents the amount due from the Province of Ontario in connection with the construction of the new municipal building under the Municipal Works Assistance Program. There is also an amount of \$8,154.93 due from the current fund. The amount due from the Minden Waterworks Board of \$151,484.02 represents the cost to December 31, 1964 of the water system. The long term debt to the Ontario Water Resources Commission of the same amount is in connection with the water system. Temporary loans of \$57,000.00 represent the balance of the bank loan obtained in connection with the construction of the new municipal building.

The Revenue Fund Balance Sheet, Statement B, reflects the surplus at December 31, 1964 of \$22,837.47 after charging the deficit for the year of \$15,120.35. Taxes receivable stood at \$40,615.34. This represents an increase of \$3,865.86 over 1963 and \$7,611.11 more than was outstanding as of December 31, 1962. It is noted that while the amount of current year's taxes still outstanding at December 31st were \$67,117.00 more than a year ago, that the arrears of taxes were up \$3,194.16.

Temporary loans of \$28,500. represents the balance of bank loans as of December 31, 1964. This amount would appear to be just within the limitations provided by section 329 of the Municipal Act. Details of the amount due to the School Board of \$5,187.70 are given on Schedule 9A.

During the year those properties which had been acquired for taxes in 1963 were redeemed, while the municipality received title under the provisions of the Department of Municipal Affairs Act to certain lots. These lots are included in the balance sheet at \$635.35, details of which are reflected in Schedule 7. Other assets include an amount of \$8,367.80 which represents the balance in a trust account in which is kept funds raised by the Minden Memorial Recreation Fund Committee.

The Statement of Revenue and Expenditure, Statement D, for the year ended December 31, 1964 shows a deficit for the year of \$15,120.35. Revenue from taxation, details of which are reflected in Schedule 3, was \$151,125.52, up \$17,836.49 from 1963. Grants from subsidies from the Province of Ontario were up \$2,190.08 from 1963. Total revenues were up \$21,549.62. Expenditures were up in nearly all areas. Public Works show an increase of \$11,154.00, education shows an increase of \$7,096.00, and capital expenditures an increase of \$3,546.00. Revenue from the ambulance service was \$1,612.05 which was in excess of expenditures by \$133.45. Funds of this amount should be transferred to the ambulance service account.

1964 was the first full year of operation of the new water system. Statements P1, 2 and 3 reflect the accounting for this activity. Operations for the year reflect a surplus of \$1,460.74. However, it is noted there were no payments in respect of principal on the debt charges. As at December 31, 1964 water accounts in the amount of \$1,006.16 were outstanding. Accounts payable include \$337.88 due to the Township for administration services.

Schedules S1, 2 and 3 are the statements for the Minden Township School Area. Surplus as of December 31st, 1964 was \$25,137.01 - up \$16,296.07 from 1963. Grants from the Province of Ontario were up \$15,660.00. Expenditures show a decrease in nearly all categories; the total decrease in the year being \$2,430.00.

Rotary News

The Haliburton Rotary Club held their weekly meeting at the Haliburton United Church on Thursday night last.

Only two members were absent, namely Harold Proctor and Harold Herlihey. Both members made up so it gave us a 100% meeting.

Two guests were present, Don Finn of the Minden Club and Doug Hodgson, principal of the Haliburton Highlands Secondary School.

It was happy birthday last week to Don Iles, president of the Club.

The Rotary Club of Calgary sent along a letter introducing us to a Cook Book they are selling as a project.

The local Rotary Club are selling tickets on a 1965 Buick LeSabre Sports Coupe at \$10.00 per ticket. The draw will be made July 10th at the Annual Rotary Auction Sale.

A debate took place on our programme on the topic "Canada will maintain its national identity". Terry Hicks and Verne Graham were on the panel and J. Douglas Hodgson acted as moderator.

Letters to the Editor

Toronto, Canada,
May 3, 1965.

Dear Sir:

It is my sincere pleasure to express the appreciation of the Ontario Society for Crippled Children to your newspaper for the generous support you have given to the Easter Seal Campaign.

The success of our annual fund raising programme for crippled children depends greatly on the publicity support given by the press — and your assistance has been an important factor in assuring us that crippled children will continue to be given the needed care and treatment.

These few words of thanks are sent on behalf of the several thousand campaign volunteers . . . and especially for the crippled children of Ontario.

Sincerely yours,
J. C. Preston, Chairman,
Provincial Easter Seal Comm.

Letters to the Editor

Carnarvon, Ontario,
May 3rd, 1965.

Dear Editor:

The Calendar presented to me yesterday at the Church I regularly attend, carried an insert entitled "Small Potatoes". Of course the title was taken from the ancient Chinese theory of eating their large potatoes and planting their small ones. Presently they found themselves harvesting marbles.

Me thinks there is a fine moral here. Should we not all plead guilty to this very practice. In Old Testament times, it was an obligation impressed upon, and practiced by the Jewish people "One Tenth to the Lord". It was also of the "First Fruits", "The Lamb without blemish" in short then sacrifices was of the best, or should be at any rate.

In our day of plenty it appears the contributions to the Lord's Treasury is made up to a great extent by "left overs".

While it is quite true the finances of the established churches are sound, in comparison with the bounties granted us in this goodly land, the offerings are but a pittance.

At the government level great sums are spent to alleviate hunger, suffering and want in the less fortunate areas.

I feel to some extent this does not fill the full need it is intended to do, simply because there is no outgoing love and sympathy with the gift.

With world conditions as they are, and the affluence of our economy, should we be well advised to plant some better seed.

"Do not be deceived, God is not mocked, what soever a man soweth, that will he also reap". Gal. Ch. 1, V. 7.

Sincerely,

CLAYTON P. ROGERS,
Moorefield Acres.

members of the U.C.W.

The meeting began with a prayer by the Rev. Brubacher. The president, M. P. Waddell, extended greetings to all and presented his report on the year's activities, followed by the reports of committee members.

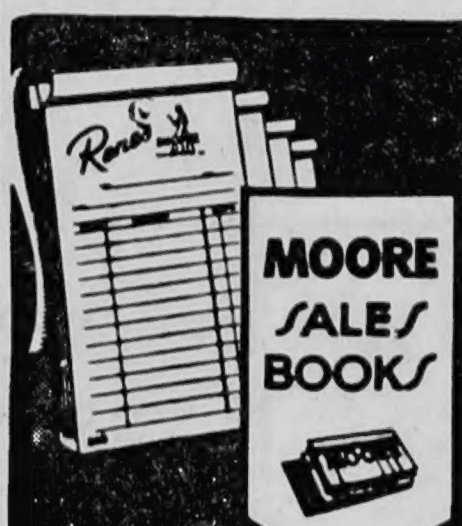

Mrs. Ross Agnew introduced the guest speaker, Mr. Fergus J. Kelly, Christmas Seals Director of O.T.A.

Mr. Kelly expressed great satisfaction with the accomplishments of the Haliburton Tuberculosis Association. He then presented an interesting talk pertaining to the progress made in tuberculosis control during the past few years and warned against complacency which occurs when the disease appears to be on the decline. He touched on the preventive programme and on the increasing interest in the study of respiratory diseases. Mention was made of the enormous problem that the low income countries have to cope with in their fight against tuberculosis and the responsibility that we must take to assist them in their endeavour.

At the conclusion of Mr. Kelly's speech a movie was shown entitled "The Monster and You".

The meeting was then adjourned and a tasty lunch was served by the ladies of the U.C.W. Group 3.
